Dr. Kurt BILLMAIER, Born 21 March 1921 in Aussig

1. I am returning herewith both the original eight-page statement BILLMAIER prepared for your office and two copies of an English translation.

2. As you are aware, a reliable source reported Subject to be in contact with the Polish intelligence service (UB). This tip was passed to the German authorities, who opened investigative proceedings. In the course of the investigation, German executive authorities determined that BILLMAIER's contact with the Poles was controlled by an official German service. We have learned that the SG (Sicherungsgruppe), the agency charged with the executive investigation of the case, has now completed its investigation and forwarded the file to the GBA (Generalbundesanwalt) in Karlsruhe for disposition. The SG anticipates that the GBA will be satisfied that BILLMAIER's activities on behalf of the Poles had indeed been properly coordinated with German authorities at the time and will therefore in all likelihood drop charges against BILLMAIER.

3. When the GBA's decision becomes known, you will be advised.

4. Our file, including German interrogation reports, has been forwarded to our headquarters, where the Department may obtain additional information if desired.

5. It is requested that the above information not be disseminated to any other agency.
